A residue free, super fast drying, high power spray that dissolves grease and rinses away dirt and grime without injury to working parts. Contains an accepted replacement for 1,1,1-Trichloroethane under the EPA SNAP program. Contains no CFC's, ozone depleting chemicals or petroleum distillates. Features a 36,200 volt dielectric strength. High dielectric strength combined with non-flammability makes this the only degreaser safe for use on motors, generators, relays, and control panels even while equipment is in operation.

ELECTRICAL USES: Automotive Parts, Diesel Engines, Marine Equipment, Aircraft Parts, Industrial Equipment, Heating and Air Conditioning Equipment, Refrigeration Equipment, Generators, Motors, Windings, Power Tools and Food Processing Equipment.
