

## K-CHEM, INC. - TECHNICAL DATA SHEET

---

**Product Name:** Coil Cleaning Foam

**Item Number:** SO54A

**Description:** This high performance product is a heavy duty foam detergent coil cleaner in the convenience of an aerosol can. It is especially suited for use on most any coils such as window air conditioners, roof top HVAC units, auto radiators, small air cooled equipment, small condenser and evaporator coils, metal filters, fan blades, and more. Nonflammable and water based, it contains no chlorinated solvents or ozone depleters. Equipped with a special 360 degree valve, this product can be sprayed in any position to easily reach into tight areas. The aggressive alkaline detergent blend quickly and easily liquefies dirt, grease, oil, or other residue and deposits. Fortified with corrosion inhibitors to prevent metal degradation, the product will not harm drain pans, plastics, or other materials in and around the area. The clinging foam is completely self-rinsing on condensate producing coils. Simply spray on and condensation generated will wash away the emulsified material. The pleasant lemon fragrance helps leave area not only cleaned but deodorized.

**Health Hazard Data:** Contains sodium metasilicate. Eye irritant. Avoid contact with eyes. In case of contact flush immediately with water. If irritation persists get medical attention. Avoid prolonged or repeated skin contact. Avoid excessive inhalation. Use with adequate ventilation. Avoid spraying on food or food contact surfaces. If sprayed on food contact surfaces flush with water before using. Contents under pressure. Do not puncture or incinerate container. Do not expose to heat or store at temperatures above 120°F. KEEP OUT OF REACH OF CHILDREN.

**Spill Or Leakage Procedures:** Do not flush to sewer. Absorb with suitable material and dispose of according to local, state and federal regulations. Aerosol cans when vented to atmospheric pressure through normal use, pose no disposal hazard.

**Product Specifications:**

Wt./20oz. can:	19 Ounces
USDA Category:	(Pending)
Classification:	Aerosol Foam Coil Cleaner
General Appearance:	Foamy Spray
Color:	White
Odor:	Lemon
pH:	13
Vapor Pressure At 70°F:	Max. 60 psig
Spray Pattern:	Wide oval
Flammability:	Not flammable per CPSC Flame Projection Test
NFPA Code 30B:	Level 1
